

JJ Villas

Luxury Villas in the Algarve

Brief Map of Almadena
Directions to Casa Sandra

1. To find Casa Sandra from Faro airport, exit Faro airport and follow the signs for Portimão & Lagos. This will take you onto the A22 motorway. Keep following the signs for Lagos and exit the motorway at junction 1. Keep following the slip road until you come to a roundabout. Go straight on at this roundabout. At the next roundabout you can either go left into Lagos or right towards Luz and Sagres. Turn right and this will take you onto the EN125. Keep on the EN125 and you will go past Boavista golf course and Luz on your left. After this you will pass the village of Espiche on your right. Almádena is the village on your right after Espiche.

From the EN125 turn right into Almádena, go around the roundabout and follow the road to the left of the bar (it looks like a one way road but it isn't) and take the 6th road on the right. At the road marked 5 above, you will see a statue of an eagle on top of a wall (about 30cms in height). Keep going for a further 50m and turn right into the next road. You will see a Green Villa on the corner of the road. Casa Sandra is at the end of this no through road, Number 12.

2. We have not put everything in Almádena on the above map. There are more cafés, snack shops etc. in the village and we will leave it down to you to discover these. Please read the Guest Information for more information on local restaurants.
3. The nearest Golf Course - Parque da Floresta - is a further 2km west past the Ecomarché Supermarket
